

I/E. DIONNE'S HUT - COMMUNITY - AFTERNOON

SASKIA, DIONNE

Smiling warmly, DIONNE welcomes SASKIA into her hut, shuts the door behind her.

SASKIA

I just wanted to say sorry.

DIONNE

Saskia. How could I punish you after what you did --

SASKIA

But you were right - I shouldn't have been talking to those others. And running away from you with Max was the stupidest thing I could ever do --

DIONNE motions for her to be silent, stop beating herself up.

DIONNE

It all turned out for the best. And anyway, given what you and Max saw out there, it looks like these people are okay after all.

SASKIA hesitates, unsure.

SASKIA

Yeah. Looks like...

DIONNE frowns, prompting SASKIA to explain.

SASKIA (CONT'D)

I mean, I don't think they're the snatchers, but I don't think they're exactly normal either.

DIONNE watches curiously as SASKIA retrieves the antidote from around her neck and gives it to her.

SASKIA (CONT'D)

I found this.

(beat)

I don't know what it is - but they're obsessed by it.

DIONNE

Why are you giving it to me?

SASKIA looks confused.

SASKIA

Oh, sorry. I just thought it was important and since you're our leader and all...

DIONNE frowns, unsure whether SASKIA's being genuine or obsequious... but then she turns the antidote pouch over and sees the Enterprise logo and her face freezes in fear.

SASKIA (CONT'D)

I could give it back if you think --

DIONNE

(interrupting)

Get out. Get out!

SASKIA looks startled, but quickly obeys - slipping out of the hut
